

The Genuine. The Original.

**Did you remember to
close your garage door?**

The Door Report™ remote is an innovative accessory from Overhead Door that answers the nagging question, "Did I close the garage door?"

Once the garage door closes, the Door Report™ remote will emit a beep and flash a green light as an assuring confirmation.

If the garage door does not close properly, a warning tone will sound and a red light will flash.

No more wondering whether you should turn around and go back.

This unique feature provides additional convenience, security and peace of mind for every outing.

Door Report™

Next Generation Garage Door Remote
